Event Description

On September 11, 2010 coaches from six local Virginia hockey clubs (Ashburn Xtreme, Reston Raiders, Virginia Wild, NOVA Ice Dogs, Prince William Panthers and the Little Caps) will join forces to take on the NCR Eagles, a joint military team comprised of the U.S. armed forces (Marines, Army, Navy, Coast Guard and Air Force) in a hockey game at the Kettler Capitals Iceplex to raise money for Inova Blood Donor Services, a 501 (c)(3) organization headquartered in Dulles, VA.

The teams will consist of 17 players per squad – nine forwards, six defensemen and two goaltenders.

The event carries with it a certain level of “recognition and pride” that is expected to attract both supporters and attendance from those affiliated with both clubs.

The target audience will include:

- Youth players from each respective club who want to see their coaches (and in some cases their dad) challenge our United States’ finest.
- Family members of the players.
- Friends, colleagues, and co-workers of the coach/players as well as their adult league teammates (as most of these coaches continue to compete at the adult recreational level).

The game will be designed as a special event complete with fanfare, player introductions, a public address announcer, an event program, sponsor signage and ancillary elements such as a silent auction and a possible live auction, appearances by Washington Capitals players and more.

Charitable Beneficiary

A vital service line to the Inova Health System, Northern Virginia's leading not-for-profit healthcare provider, Inova Blood Donor Services collects, processes and supplies lifesaving blood and blood products to 15 different hospitals in Northern Virginia and the Washington, D.C., metro area. Inova Blood Donor Services must collect more than 200 units of blood daily to meet the needs of patients. Together with friends, family, businesses, and media partners, Inova Blood Donor Services is working to raise awareness about the importance of blood donation in the community.

The purpose of this event is to raise the over \$30,000 needed to purchase a testing instrument that will allow donors to be screened for cholesterol, heart disease, and diabetes. The event is a legacy event that will continue on an annual basis.
